

(U) Do You Know the *Foundations of SIGINT*?

FROM: [REDACTED]
Customer Gateway (S11)
Run Date: 04/29/2005

(U//FOUO) Have you ever needed easy access to a SIGINT overview? Did you ever try to explain the National SIGINT Requirements Process (NSRP) to a non-SIGINTer? Wouldn't it be terrific if this type of information were easily available on NSANet, INTELINK and SIPRNet? Well, your wish is our command!

(U//FOUO) Customer Gateway (S11) is pleased to announce *Foundations of SIGINT*, an on-line orientation that provides a broad overview of the U.S. SIGINT System for those who have little or no experience with SIGINT and/or the National Security Agency. This resource, designed at the SECRET level to provide a basic concept of SIGINT, includes an overview of NSA and modules on Customer Relations, Customer Needs, Products and Services, Information Networks and Legal Policies.

(U//FOUO) *Foundations of SIGINT* is available as follows:

- On NSANet: [REDACTED]
- On Intelink: [REDACTED]
- On SIPRNet: [REDACTED]
- A PowerPoint version that can be used as briefing material is available in the on-line S11 Library or directly at: [REDACTED]

(U//FOUO) We originally started this effort as a means of enhancing training for new FBI analysts at Quantico but immediately recognized the benefits for other customers, CSG personnel, NSA employees, etc. So, the next time you need immediate access to a SIGINT Glossary or a quick overview on Write-to-Release, check out *Foundations of SIGINT*. And stay tuned for further releases as we begin expanding some of the modules.

"(U//FOUO) SIDtoday articles may not be republished or reposted outside NSANet without the consent of S0121 ([DL sid.comms](#))."
