

(U) Help Fight the Global War on Terrorism

FROM: Ron Carback
Director, Counterterrorism Mission Management Center
Run Date: 07/05/2005

(U//FOUO) Here's your chance to get in on the ground floor of the new Counterterrorism Mission Management Center! Plan to attend the **CT MMC Job Fair on Thursday, 7 July from 1100-1300 in room 2B3104**. If you're interested in the challenges that the CT MMC has to offer, come see us.

(U//FOUO) The CT MMC is charged with providing global situational awareness of CT SIGINT activities to the Enterprise, synchronizing CT SIGINT operations around the globe and taking full advantage of time-critical CT SIGINT opportunities. We have key assignments that must be filled as soon as possible: Senior Operations Leaders, Operations Officers, Intelligence Officers, and Executive Officers. We're building a 24/7 operation that will commence operations in the fall in a state-of-the-art facility immediately adjacent to NSOC, and we're ready to start training.

(U//FOUO) As MG Quirk has said, "We're seeking talented, experienced, dedicated, and capable men and women from a wide variety of backgrounds to fill these challenging positions and we will expect much from those who are selected. Together -- and in conjunction with all the other key pieces of the CT puzzle -- they will orchestrate the SIGINT effort against terrorism around the world and around the clock." (See [full message](#).)

(U) If you're up to the challenge, we want to talk with you!
