

(U) Changes to the Analysis Conference Agenda

FROM: Joe Mercurio
Advanced Analysis Lab
Run Date: 05/14/2004

FROM: Joe Mercurio
Advanced Analysis Lab

(U) If you are participating in the Analysis Conference from May 17-20, here are some changes you might want to know about:

- Dr. Cambone will be unable to attend the conference on 19 May
- The Director, NSA will now speak on Wednesday, 19 May
- The Deputy Director will open the conference on Monday, 17 May
- Jim Allen, DDAP will hold a special question and answer session for all A&P analysts at 0800, 19 May in Friedman auditorium as part of the conference.

(U//FOUO) The Advanced Analysis Lab would once again like to thank all those who have already registered for the conference. Although most of the sessions already filled, there are still some sessions and panel discussions with space available and we highly recommend participation in these panel discussions. Remember, this is YOUR chance to contribute to the policies and decisions on what affects YOUR analysis!

(U//FOUO) All supervisors are encouraged to allow participation of their analysts as part of the job to keep informed and stay current in the field and tradecraft of Intelligence Analysis.

(U//FOUO) For questions on the Analysis Conference, please contact Joe Mercurio, [REDACTED]
[REDACTED]@nsa or [REDACTED] (Contractor), [REDACTED]
[REDACTED], [REDACTED], of the Advanced Analysis Lab.
