(U) **RAD Expo'04 - R&E Symposium Center - 19-20 February 2004**

(TS//REL) Are you trying to cope with information overload? Want to learn new ways to navigate the Information Super Highway? Maybe you're curious about new advances in three-dimensional computer interfaces, forensics, and geolocation techniques? If the answer to any of these is yes, make plans now to attend RAD Expo'04 and get a sneak peek at over 25 of the world's coolest new technologies. Don't miss this chance to talk directly with NSA researchers who are eager to incorporate your ideas and needs into future tools and prototypes.

(U//FOUO) Special transportation to the R&E building from FANX and NBP1 will be provided. R&E is also an easy commute within the Fort Meade complex via the Round Robin bus system. **Details regarding Expo hours, transportation, and exhibits can be found at the RAD homepage ("go rad")** . No need to register - just show up!
